DETAILED ACTION

Claims 1, 5-7, 10, and 14 are currently presented and have been examined.

Allowable Subject Matter

1. Claims 1, 5-7, 10, and 14 are allowed in view of the Applicant's arguments and the cited prior art. Claims 1, 10, and 14 recite associating a content provider domain with a content delivery service provider domain during resolution, which, in addition to the rest of the claim limitations, are distinguished from the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the case is in condition for allowance and the drawings submitted are informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid

abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
